IN RE: Application of Trinsic Communications, Inc. and Access Integrated Networks, Inc. for
Authority to Transfer Assets to Access Integrated Networks, Inc.
Docket No. 2006-69-C

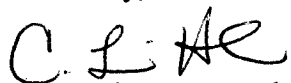

Dear Mr. Terreni:

The Office of Regulatory Staff (ORS) has reviewed the above-referenced Application, verified testimony and request for expedited review regarding Trinsic Communications, Inc. (Trinsic) and Access Integrated Networks, Inc. (AIN) to transfer a portion of the customer base of Trinsic to AIN. The Application states that the customers affected by this transaction will continue to receive the same services from AIN under the current rates, terms and conditions as they currently receive.

The Application states that the customers have been notified of the transfer and given an opportunity to change to other carriers. Also, ORS has been assured that after the transaction the companies will remain compliant with their regulatory requirements and continue to support the universal availability of telecommunications service in South Carolina at current levels. Therefore, ORS consents to the request as outlined in the Application. Furthermore, ORS does not oppose the request for expedited review.

If the Commission approves the transfer of customer base requested in the Application, ORS recommends that the Commission require that Access Integrated Networks, Inc. amend its tariff to incorporate the same rates, terms and conditions the customers currently receive from Trinsic Communications, Inc.

Sincerely,

C. Lessie Hammonds
